When to book?

Most of our couples book us 12+ months ahead of their big day to ensure their date is in the diary. We hold an initial consultation to get a flavour of your ideas and to allow us to provide a quote. Booking requires a GBP50 deposit. We then catch up again 1 month before the wedding, so don't worry if you've still to finalise ideas!

But I don't know anything about flowers, or even their names!

Don't worry, we do; that's why you're hiring a professional! We can show you previous work we have done, and take your colours and vision and bring them to life.
